ABSTRACT

Data provided by the University of California (UC) and California State University and Colleges (CSUC) were analyzed to identify enrollment trends and assess academic performance among transfer students from Bakersfield College. Study findings included the following: (1) first-time transfers from Bakersfield College to CSUC decreased from 391 in fall 1985 to 360 in fall 1986, while transfers to UC increased from 27 to 32 during the same period; (2) statewide, 27,761 community college students transferred to the 19 CSUC campuses, the lowest number since 1968; (3) females made up 62.9% of the transfers to CSU Bakersfield, but only 30.9% of the transfers to CSU Fresno; (4) in comparison to the Bakersfield College student population as a whole, White, Asian, and Filipino students were overrepresented among transfers to CSUC, while Black and Hispanic students were underrepresented; (5) the two most popular majors for transfer students at CSUC were Business and Agriculture; (6) of the fall 1986 transfer students to CSU Bakersfield, 44.4% earned a grade point average higher than 3.0; and (7) of the 325 Bakersfield College students who transferred in fall 1986, 78.2% re-enrolled in spring 1987. The bulk of the report consists of tables looking at trends since 1972 in the characteristics, majors, and academic performance of Bakersfield College transfer students. (MDB)

DATE: November 9, 1987

SUBJECT: Transfer Study Data

Attached are data relating to Bakersfield College students who have transferred to public four-year colleges and universities in California. The data analysis is primarily based on records from Cal-State Bakersfield; Cal-State Fresno; Cal Poly, San Luis Obispo; the annual transfer study issued by the California Postsecondary Education Commission (CPEC); and summary information issued by the CSUC System. A summary of these data appeared in the **R&D Newsletter** this fall.

Examination of the attached 14 tables indicates the following:

1) First-time transfers from Bakersfield College to the California State University and College System (CSUC) decreased from Fall 1985 to Fall 1986 from 391 to 360, by 31 or 7.9%. This decrease is the first since 1982. During the 1971-80 decade first-time transfers varied between 462 and 641.

   Total numbers to transfer to Cal-State Bakersfield actually increased from 238 to 240, the highest since 1980. First-time transfers to Fresno (27) and San Luis Obispo (20) were the lowest since the inception of the Transfer Study.

2) First-time transfers to the University of California's eight campuses increased from 27 to 32 from Fall 1985 to Fall 1986. These numbers have been in the 21 to 35 range since 1979.

3) Total numbers of Bakersfield College transfer students attending all state colleges except Bakersfield decreased slightly; Cal-State Bakersfield increased from 814 to 879, by 65 or 8%. This number is the highest since the inception of the Transfer Center. The total attending Fresno and San Luis Obispo (110 and 95, respectively) were the lowest since the inception of this study.

   Statewide, CPEC reports that 27,761 community college students transferred to the 19 CSUC campuses, the lowest since 1968. CPEC noted the geographic proximity factor in transfer. For example, 89% of Fresno City College students who transfer to a CSUC college go to Fresno State; 83% of Butte College students go to Chico State; 66% of Bakersfield College students to to Cal-State Bakersfield. One might add to the CPEC observation that until 1985 Cal-State Bakersfield transfers ranged from 53-58% of total Bakersfield College transfers, the lowest in the state for a community college in such close geographic proximity--these percentages increased to 60.8% in 1985 and 66.6% in 1986.

1801 Panorama Drive, Bakersfield, CA 93305 • tel:(805) 395-4011 • Kern Community College District

4) The percentage of Bakersfield College transfer students at the CSUC System who were women stayed the same from 1985 to 1986 at Cal-State Bakersfield and decreased at Fresno and Cal Poly, San Luis Obispo. The percentage of transfer students who are female (62.0%) is greater than the Bakersfield College enrollment (51.7%). Specifically, the percentage of Bakersfield College transfer students who are female have been:

	1973	1980	1981	1982	1983	1984	1985	1986
Cal-State Bakersfield	38.6	52.3	54.4	57.3	61.1	61.3	63.0	62.9
Cal-State Fresno	27.7	40.0	37.7	37.7	36.2	36.9	39.9	30.9
Cal Poly San Luis Obispo	22.6	24.8	32.1	36.7	38.3	36.0	38.7	36.8

5) Ethnic distribution of first-time Bakersfield College transfers to the CSUC System was: White, 79.1%; Hispanic, 11.2%; Black, 3.2%; Filipino, 2.9%; Asian, 2.7%; and American Indian, 0.8%. The percentage of minorities slightly decreased from 1985. In comparison to the Bakersfield College student body, more White, Asian, and Filipino students transferred, fewer Black and Hispanic students transferred.

6) The two most popular specific majors of Bakersfield College students at the CSUC System are Business and Agriculture, although actual numbers and percentages of these decreased from 1985. At Cal-State Bakersfield the top majors are Business, 25.8%; Liberal Studies, 17.1%; Undeclared 12.5%; and Nursing, 8%. At Cal-State Fresno top majors are Agriculture, 22.7%; Business, 17.3%; Industrial Arts, 15.5%; Engineering, 15.5%; and Liberal Studies, 12.7%. At San Luis Obispo top majors are Agriculture, 35.8% and Engineering, 19.0%.

It is instructive to examine changes in numbers of majors at the three colleges over the last 14 years:

	1972-73	1985-86	1986-87
Cal-State Bakersfield			
Business	136	241	227
Liberal Studies	0	117	150
Undeclared	66	129	110
Nursing	29	52	70
Psychology	58	37	36
Public Administration	0	21	29
Biology	28	20	28
Criminal Justice	0	27	26
English	62	18	25
Mathematics	24	12	20
Child Development	0	17	17
Fine Arts	35	15	17
Sociology	136	13	17
History	97	15	16

Cal-State Fresno			
Agriculture	7	33	25
Business	25	23	19
Engineering	0	15	17
Industrial Arts	25	10	10
Criminal Justice	28	7	2
Cal Poly, San Luis Obispo			
Agriculture	63	47	34
Engineering	25	23	18
Architecture	19	13	8

7) Academic performance at Cal-State Bakersfield continued at its customary high level. Of the transfer students in Fall 1986, in Fall quarter 51 (5.8%) earned a 4.0; 339 (38.6%) earned a 3.0 to 3.9 average. Since 1974 the number to receive a 3.0 to 4.0 average has remained in the approximate 40-44% range.

8) 36.3% of Bakersfield College students at Cal-State Fresno were in the 3.0 to 4.0 range, about the same as in the previous five years. In 1986 the average cumulative GPA of Bakersfield College transfers was 2.72, a drop from 2.84 cumulative for 1985.

9) Cumulative GPA's at Cal Poly, San Luis Obispo indicated that 21.1% were in the 3.0 to 4.0 range. Average cumulative GPA was 2.46, as compared to 2.63 for all students.

10) The CSUC System has issued a new report on academic performance for transfer students--it is different in format than that issued in the previous four years so that any longitudinal comparisons are at best challenging. (During those four years Bakersfield College students had a cumulative GPA of 2.6725 as compared to 2.6475 for native students.) The new CSUC report examines the 1986-87 academic year intensely. Some of the highlights from these data are:

a) Of the 325 Bakersfield College students to officially transfer in the Fall of 1986, 254 or 78.2% re-enrolled in Spring 1987; the average was 86.1% for all community college transfers.

b) Of upper division transfers Bakersfield College students received a 2.67 GPA; all community college transfers received 2.58; native students received a 2.64. Lower division Bakersfield College students received a 2.72 GPA, all transfers received a 2.58.

Department chairs are urged to check with my office and the counselors for additional transfer information regarding graduates from their departments.

Tables attached are:

Table 1: Total Bakersfield College Students Attending State Colleges and Universities, Fall 1973-1986.

Table 2: Flow of Transfer Students from Bakersfield College to the University of California and California State University, 1979-1986.

Ethnic Distribution (%) of Bakersfield College Students to Transfer to CSUC System.

Table 3: BC New Entrants to CSUC Colleges and Universities in Selected Fall Semesters.

Table 4: Number of Community College Transfers to each California State University Campus, Fall 1979-1986.

Table 5: CSUC 1986-87 Performance Report on Transfers (new table). This report is a new one used by the CSUC System so comparative longitudinal data are no longer available. It replaces a table which dealt with summary analyses of all students who enrolled in Fall term and re-enrolled the following academic year. The component parts are:

a) Transfer Enrollments
b) Continuation Rates (Fall 1986 to Spring 1987)
c) Grade Point Averages by College
d) Grade Point Averages by Major
e) Enrollment and Retention by Ethnicity

Table 6: Academic Performance of Bakersfield College Students at Cal-State Bakersfield, Fall Quarters 1972-1986.

Table 7: Changes of Major of Bakersfield College Students to Transfer to Cal-State Bakersfield, Fall Quarters 1985, 1986.

Table 8: Top Majors at Cal-State Bakersfield Since Fall 1972.

Table 9: Academic Performance of Bakersfield College Students at Cal-State Fresno, Fall Semesters 1973-1986.

Table 10: Majors of Bakersfield College Students to Transfer to Cal-State Fresno, 1985-86, 1986-87.

Table 11: Top Majors at Cal-State Fresno Since Fall 1973.

Table 12: Academic Performance of Bakersfield College Students at Cal Poly, San Luis Obispo, 1973-1986.

Table 13: Majors of Bakersfield College Students to Transfer to Cal Poly, San Luis Obispo, 1985-86, 1986-87.

Table 14: Top Majors at San Luis Obispo Since Fall 1973.

I. TRANSFER ENROLLMENTS FROM YOUR INSTITUTION

Table I reflects the enrollment of students who transferred from your institution to the CSU in fall 1986 who then reenrolled in spring 1987. It does not include transfers from your institution for winter quarter or spring semester/quarter, nor do these data represent all transfers who have taken courses at your institution. Only those transfer students are included who qualified for admission to the CSU on the basis of work completed at your institution.

Table I: Transfer Enrollments, Your Institution

II. CONTINUATION RATES

The three parts of Table II present information on (A) Upper Division Transfers, (B) Lower Division Transfers, and (C) Lower Division Transfers Admitted by Special Action. Table II lists the 1986-87 continuation rate for each group. Table II-A displays, by campus and systemwide, the number of fall term 1986 upper division transfer students from your institution enrolled for the first time at a CSU campus and the number from that group who reenrolled for spring term 1987. In addition, the table shows percentages of fall 1986 enrollment that continued through census date for the spring term. Comparable data for all upper division community college students who transferred to the CSU in fall term 1986 are also provided. Tables II-B and II-C present the same information for the two categories of lower division transfer students from your institution.

CSU TRANSFERS FROM BAKERSFIELD COLLEGE

III. GRADE POINT AVERAGES

This table, too, has three parts: (A) Upper Division Transfers, (B) Lower Division Transfers, and (C) Lower Division Transfers Admitted by Special Action.

Table III displays the transfer grade point average and the first year CSU grade point average for students who transferred to CSU in fall term 1986 and reenrolled in spring term 1987. Only transfer students with CSU grade point averages AND reported transfer grade point averages are included in this section of the report. CSU grade point averages reflect all work attempted by transfer students in academic year 1986-87. Transfer grade point averages are derived from credit accepted toward the CSU baccalaureate.

The far right-hand column provides the GPA of CSU native students. These are students who entered as CSU freshmen in fall term 1984 (the presumed first term of college study for these transfer students). Please note that the CSU native GPA is the total cumulative GPA representing all academic work completed by the students since beginning as freshmen in fall 1984.

IV. GRADE POINT AVERAGES BY MAJOR

Upper Division, Systemwide

Table IV displays grade point averages for upper division students by subject major. Listed below are the major areas defined by the Higher Education General Information System (HEGIS). The table compares the GPA's in all 1986-87 course work for students who transferred from your institution with those of all upper division community college transfers who entered CSU in fall term 1986 and with the GPA's of CSU native students who entered as first-time freshmen in fall 1984 and were still enrolled in spring term 1987. Only transfer students with CSU grade point averages AND reported transfer grade point averages are included in this table.

V. ENROLLMENT AND RETENTION BY ETHNICITY

Table V displays enrollment data by ethnicity for fall 1986 transfers from your institution and those who continued in spring term 1987. Table V-A shows numbers of students; Table V-B, percentages. Comparable data for all fall 1986 community college tranfers are also provided. Total CSU undergraduate enrollment by ethnicity is listed in the far right column.
